

Keshav Korattur

I am currently a 10th grader who goes to Liberal Arts and Science Academy (LASA) and who wants to major in Electrical Engineering or Software Engineering.

Experience

- National Junior Honor Society Member: 7th grade to 8th grade (2024-2025)
 - Volunteer at different places whether in school or out of school
 - Make things like pouches, Origami, and many other crafts to hand out to people
 - Committee Projects to collect trash on the ground, selling lemonade to raise money for the NJHS
- Kealing Science Olympiad: 6th grade to 8th grade (2023-2025)
 - Going to many places in Texas to compete in, including Regionals and State
 - Went to UT, A&M, Anthony, Cyfalls, Dulles multiple times over 3 years
 - Competed in online competitions
 - BirdSO, Boyceville, Rickards, Mason, Highlands, Georgia Scrimmage multiple times over 3 years
- LASA Science Olympiad: 9th grade to future (2025-)
 - Going to many places in Texas again
 - Went to Cyfalls and Seven Lakes
 - Competed in online competitions
 - Rickards (1000+ teams), Boyceville, Highlands
- Playing Cricket (for fun extracurricular activity) with my friends (2019-)
- Playing Carnatic Violin (2017-)
 - Played for currently 8 or 9 years since I was 6 ish
- Samspra/Shiksha (Student and Audio Person) (2013-)
 - Learned languages, instruments
 - Ran all the sounds in a concert thrice
- Martial Arts (2020-2024)
- Chess (2019-)
- Aircraft Club (2025-)
- Certified in the Coding Language of Python (2024-)
- Orchestra (2022-2026)
- SYEP (2026)
- Learning Web Development, Including HTML, CSS, and Javascript (2026)
- Graphic Design (2026)
- Designing and Modelling (2025-)

Education

Liberal Arts and Science Academy

Graduation Date: May 2029

Unweighted GPA: 3.856

Weighted GPA: 4.496

Relevant Courses: Principles of Engineering, Scitech

Clubs: Science Olympiad, Aircraft Club

Achievements/Awards

Kealing Science Olympiad:

- Many Awards over the tournaments such as 1st place States for Scrambler and 5th place States for Forestry, Wheeled Vehicle, Meteorology
- Having 1st for Scrambler and Wheeled Vehicle in most competitions

Martial Arts:

- Achieved a Blackbelt

LASA Science Olympiad:

- First Place Electric Vehicle in Highlands and 3rd place Electric Vehicle in Cyfalls
- 19th Place Circuit Lab in Highlands
- 7th Place Hovercraft in Rickards
- 2nd and 3rd (different times) in an Intraschool competition for Electric Vehicle
- 3rd twice in an intraschool competition in Circuit Lab
- 4th and 1st in an intraschool competition for Hovercraft

Cricket:

- 20 Game Unbeaten Streak of Winning against my friends since Summer of 2025 While Captaining

Chess:

- Chess Rating of 1000

Violin and Singing:

- Achieved 1st place in a Violin Competition in 2018 at AHT
- Achieved 3rd place in a Singing Competition in 2018 at AHT

Aircraft Club:

- Founding member of the 2025-2026 club for Aircraft and Aerospace
- Contributed in creating lessons to present to the club mates
- Helped build an RC Plane
- Helped in the planning of an Hot Air Balloon

Python

- Certified in the entry level course for Python from OpenEDG since 2024

Orchestra

- Lead My Orchestra for all concerts in the 2025-2026 School Year

SYEP

- Interning for Choicest Fruit, a Software Based company designed to integrate communities
- Created a website that introduces my skills, experience, and projects I have created

Graphic Design

- Designed an Electric Magazine within 5 months, which later got published
- Collaborated with my team while creating the Electric Magazine
- Leading the creation as well

Designing and Modeling

- Designed and created a machine that is capable of doing many advanced mathematical functions, such as Calculus, Algebra, Geometry, and many other branches
- Designed and created a non-technological machine capable of moving in particular directions as set, picking up anything smaller than 10 centimeters, and pushing away anything bigger than the height limit
